

Early Childhood Leaders

Share your thoughts about ECCE Leadership

My name is **Andrea Weidele**. I am in the process of completing my PhD in Education at URI/RIC. I am currently **seeking participants** for my study on early childhood care and education (**ECCE**) leadership development. The aim of this study is to gain **ECCE program leaders' perspective on supports and barriers** they have **experienced in their leadership development**.

Participation in this study would include a review of your professional development record (a list of approved trainings you have taken) and **two approximately 90-minute interviews**. During the **first interview** you will be asked to **draw a visual representation** or **timeline** of your leadership journey. For the **second interview**, you will be asked to bring two **photos** that you have taken or images that you have found that **represent how you see yourself as a leader** now and how you saw yourself as a leader when you first began in this role. Interviews can be virtual or in person at your convenience. All study participants will receive two \$25 gift cards.

This research has been approved by the University of Rhode Island Institutional Review Board.

Questions regarding this study can be addressed to; me, Andrea Weidele, at (401) 339-1702, or aweidele@uri.edu; or Principal Investigator, Kathy Peno, at (401) 523-1477, Kgugs@uri.edu.

If you are interested in participating and/or learning more, please **scan QR code and complete the 1-minute interest survey**.
